

## Why YOU Should Support this Amendment:

Simply stated, the people of Ohio are under assault by both state and federal government. While federal government continues to usurp powers outside its constitutional authority, the people's Rights, and the principles of liberty and freedom, are quickly eroding. And, the state of Ohio continues to collude with the federal government and accept federal grant money in perpetuation of this erosion.

To date, no one has offered any viable solution for holding government accountable to the Constitution, except PCCOH. Of course, the various TEA Parties, 912 Groups, and others are working on identifying and nominating good candidates for office who respect the Constitution and are willing to serve the people. Although this is a vital part of a comprehensive solution, we cannot rely on this, alone, or wait until the next election to get bad politicians out of office.

We, the people of Ohio, must establish the legal mechanisms necessary to hold government accountable to the Constitution. We must change the law in such a way that the people have an "effective and efficient" process to fulfill this duty.

We regret that we find it necessary to take such drastic measures to make our public officeholders do their jobs. It truly appears that there is little honor, integrity or virtue left within our political system. And, if our children and grand-children are to live in freedom, then it is up to us to restore Liberty and the means for securing it.

Though fixing government is a step in the right direction, we as a people must, ourselves, return to a moral and virtuous society and protect our Christian heritage, at home and in government, if we are to secure and enjoy our freedom.

Find out how you can help. Go to our website to **LEARN** more about the proposed sovereignty amendment. **VOLUNTEER** to collect signatures on the petition, or maybe become a local leader and **HELP** organize others in our effort to take back America and restore our constitutional federalist republic. If you are able, then please **DONATE** to this important cause. **STAND UP** and **BE COUNTED** among those who defend freedom. At the very least, **SIGN** our petition and **SPREAD THE MESSAGE**.

*"Those who make peaceful revolution impossible will make violent revolution inevitable."*  
- John F. Kennedy

Finally, the American people are waking up and taking notice of the many encroachments by government on our individual Rights and Liberties. It has become clear that those operating in state and federal government have abandoned our Constitutions and instituted an aggressive democratic form of socialism in place of our constitutional federalist republic.

Government must be held in compliance with and accountable to our state and federal Constitutions. We have a plan that utilizes the sovereign power of the People, secured by the force of law, to return government to the Constitution.

This is NOT about secession, it is NOT about over-throwing government, and it is NOT about sedition or rebellion by force of arms. It is about using the force of law to hold all public officeholders accountable to their oaths to uphold the Constitution.

For decades, both state and federal government have over-stepped and expanded their delegated powers in the name of "Public Welfare", "Public Health and Safety", "Interstate Commerce", and "Executive Privilege". With the passage of each new bill, government has taken away the people's freedoms and implemented more aggressive controls over all aspects of our lives. It must stop.

We have a peaceful solution, we have a plan, but we need your help. The solution is found in the Ohio Constitution ...

*"All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform, or abolish the same, whenever they may deem it necessary." - Art. I, Sec. 2*

*"The first aforesaid power reserved to the people is designated the initiative ... to propose an amendment to the Constitution." - Art. II, Sec 1a*

Please join us in this important historic event to restore and protect our freedoms, and support the proposed **Ohio Sovereignty Amendment**.

*The Committee* - PCCOH
